QUALITY POLICY

It is the Policy of African Group Lubricants (Pty) Ltd (AGL), to procure, manufacture, store and distribute a full range of quality products, within a safe and reliable operation that is underpinned by a service offer that exceeds customer requirements.

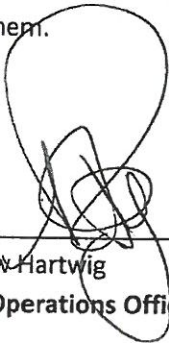

Our management system shall comply with the requirements of applicable legislation pertaining to quality, including legal metrology, weights and measures, ISO 9001: 2015, ExxonMobil 3PIMs, QP&G and all other customer specific requirements.

Our organisation is committed to achieving this vision through the following objectives:

- Providing products and services that meet the requirements of interested parties, including customers and shareholders
- Supply products at competitive prices, with no compromise to product quality
- Continually improve the effectiveness of our Quality Management System and organisational performance in line with our strategic direction, for the benefit of our stakeholders
- Training our employees in the needs and responsibilities of this Quality Management System and developing them to improve core competencies
- Selecting suppliers and service providers for the betterment of AGLs performance and evaluate their contribution to the organisation's quality output
- Complying with applicable legal, regulatory and customer specific requirements

Top Management commits all staff to the implementation of the **Quality Policy** by providing necessary resources and support management of the business operations.

All staff shall be conversant with quality objectives and procedures relevant to their operations and always comply with them.

Andrew Hartwig
